Status of the Claims

1. Claims 1-39 are pending in this application.

Drawings

2. This application has been filed with 16 informal drawings (16 sheets), which currently are acceptable for examining purposes.

Election/Restrictions

3. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1, 3, 7, 9-20, 38 are drawn to a system for distributing music to customer (US classification 709/201).
 - II. Claims 2, 4-6, 8, 21-35, 36-37, 39 are drawn to method/instructions of distributing selected music in e-commerce (US classification 725/1).
4. The above inventions are distinct, each from the other because inventions I, II, contain different inventions as indicated by different US classifications (inventions are also different because they have differences in structures/operating functions, or different effects).

Because these inventions are distinct and have acquired a separate status in the art because of their recognized divergent subject matter, (e.g., the search required for Group I may not required for Groups II), restriction for examination purposes as indicated is proper.

Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
